

92 KEY RUBBER BACKLIT KEYBOARDS

IP67 sealed, Full travel

NSI presents their standard full travel rubber keyboard.

This 92 key backlit keyboard features a compact rubber keyboard with integrated waterproof 25 mm laser trackball and scroll function.

The rubber keys are proven for efficient cleaning, reduced disinfection time and protection against cross contamination. The backlit keys warrant for optimized performance while working in low-light environments.

A non-backlit version is also available.

MAIN FEATURES

- Compact layout, 92 full travel keys
- Removable 25 mm laser trackball
- Dimmable backlighting at 8 levels by two dedicated keys
- Low power LED's warrant for a long life
- No external power supply necessary, keyboardport power sufficient
- Intelligent luminosity setting of "capslock" LED's
- White backlighting as standard, other colours on request.
